

Adam Spencer's Enormous Book of Numbers

Mind-Boggling Maths, Outrageous Puzzles, Super-cool Games and heaps of other fun stuff!

Adam Spencer

A fun-filled, action-packed activity book by Australia's funniest and best-loved maths dude!

Adam Spencer's Enormous Book of Numbers is jam-packed with stuff to make, decode, deduce, descramble, dewrite and decipher! Counting has never been so cool.

For close to 20 years Adam has been entertaining us. On triple j and ABC radio and television, he's established himself as Australia's funniest and most famous mathematician. Following on from the enormous success of 2014's *Big Book of Numbers*, this activity book is the perfect Christmas gift for readers aged 8 to 12.

Publicity and Marketing

- An hilarious fun activity book in the spirit of the bestselling *Dr Karl's Big Book of Science Stuff* and *Bigger Book of Science Stuff*
- Printed on super tough woodfree paper stock!
- Adam is a regular guest on Channel 7's 'The Morning Show' (weekly); and 'Weekend Sunrise'
- Proven radio talent – cult following on 702 ABC and triple j; regular guest on Ben Fordham's show on 2GB
- Monthly maths & science column in the *Sydney Morning Herald* and *The Age*
- Ideal Xmas gift for kids 8–12 years

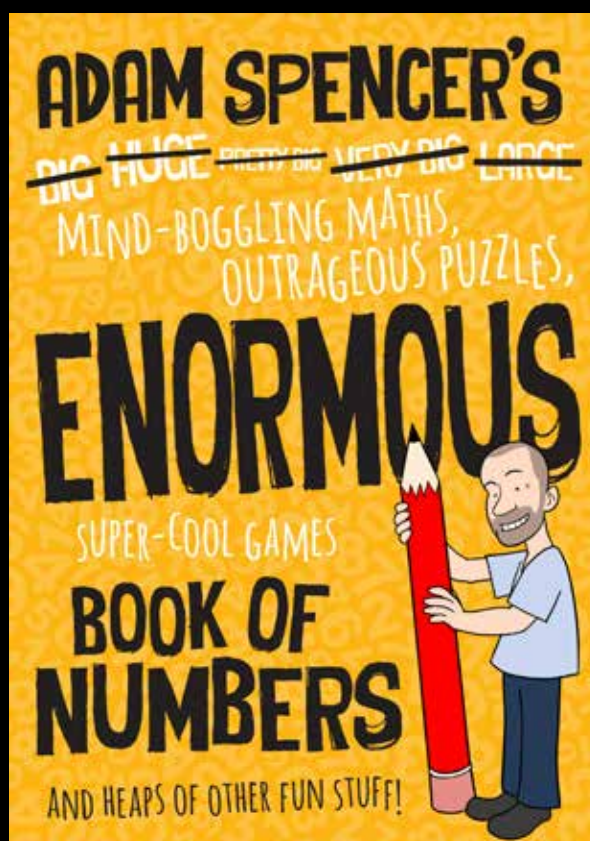

About the Author

In 1996 while doing a Maths PhD at Sydney University, Adam Spencer won the Melbourne International Comedy Festival Raw Comedy Championship. He went on to host the triple j breakfast show with Wil Anderson before graduating to 702 ABC Sydney where he secured record ratings for the station for eight years. His TV credits include

'The Glasshouse', 'Good News Week' and 'Sleek Geeks'. His 2013 TED talk at Long Beach California on Prime Numbers is a geek comedy classic and has had over 1.5m views. Adam lives on the NSW Central Coast with his family.
